

CH2M HILL Plateau Remediation Company

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

November 9, 2017

Dear Prospective Offeror:

Request for Proposal No: 306281

CH2M HILL Plateau Remediation Company (CHPRC) is interested in receiving proposals for 100K Waste Sites Remediation & Backfill in support of the 100K Closure Project, Richland, Washington, under Prime Contract DE-AC06-08RL14788 with the U.S. Department of Energy.

Information regarding the product or services required and instructions for the preparation and submission of proposals are contained in the attached Request for Proposal (RFP).

Please note that this procurement action will utilize the Supply Chain Management Center (SCMC) eSourcing Tool and is further described in the attached Request for Proposal (RFP). **The eSource Event will be electronic bidding with ability to decrement bid** where Offerors are afforded the opportunity to amend their proposal pricing within the established eSource Event time frame.

The eSourcing Event will begin at 2:00 p.m. PST Tuesday, December 12, 2017 and end at 2:30 a.m. PST.

Offeror's cost proposal documents supporting the eSourcing Event are due within 2 hours of completion of the eSource event on Tuesday, December 12, 2017.

The anticipated schedule for this RFP activity is as follows:

Notification of Intent to Propose Due:	November 20, 2017
Job Walk	November 27, 2017
Questions Due:	November 30, 2017
Answers Due:	December 04, 2017
eSourcing Event:	December 12, 2017
Technical and Cost Proposals Due:	December 12, 2017
Anticipated Contract Award:	January 04, 2018

Sincerely,

Dawn Moreland, Contract Specialist
Procurement

CH2M HILL Plateau Remediation Company

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

SECTION A – REQUEST FOR PROPOSAL

1.0 INTRODUCTION

CH2M HILL Plateau Remediation Company (CHPRC) acting under its contract with the Department of Energy, requests you to submit a proposal for a **Fixed Unit Rate** type of contract to provide 100K Waste Sites Remediation & Backfill services. This Section A describes the basis of award, proposal submittal requirements, proposal instructions, and notices to Offerors. Section B contains Representations and Certifications and other documents, which Offerors are to complete, sign and return with their proposal. Section C is the Draft Contract, which is in an accompanying file. It contains:

- Part I – Statement of Work
- Part II - Financial Terms
- Part III – General Terms and Attachments
- Part IV – Special Provisions

CHPRC may determine that any proposal not submitted in accordance with this Request for Proposal (RFP) is non-responsive and reject the proposal.

This Solicitation requires all Contractors submitting proposals to access the Supply Chain Management Center (SCMC) eSourcing Tool. The SCMC eSourcing Tool is being implemented at CHPRC and is designed to efficiently collect information in a central location. It also provides the Contractor a short timeframe to revise pricing information prior to final acceptance by CHPRC. Upon receipt of Contractor's notification of intent to propose, CHPRC will provide the Contractor an email notification with a link to the SCMC eSourcing event including access instructions. Contractor will be afforded the opportunity to preview the application and place pricing information prior to the commencement of an event. This preview phase is called the pre-bid period. At the conclusion of the pre-bid period, the eSourcing event will commence and the Contractor should review their submitted price to ensure it is compliant with requirements. Events typically last 15-30 minutes. The eSourcing Tool will be utilized for posting of offerors proposals and the Buyer will analyze the Offeror's pricing and rank the price among the prices of other Offerors.

The eSource Event will be electronic bidding with ability to decrement bid where Offerors are afforded the opportunity to amend their proposal pricing within the established eSource Event time frame.

The tool will not disclose the Contractor's proposed price to other Contractor's nor will it disclose the lowest proposed price.

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

This Solicitation and resultant award is considered a negotiated procurement. Submitting the lowest priced proposal does not guarantee award. CHPRC must complete a full evaluation of the submitted proposals prior to making an award determination. CHPRC reserves the right to conduct negotiations prior to award or to award a contract based upon initial Contractor's proposal and without further discussions. In the unlikely event of a discrepancy among any of the Contractor's documents or information submitted through the eSourcing website, the information received and confirmed by CHPRC shall govern.

NOTE: Following the eSource Event, the Contractors are required to submit their proposals (see 3.0 *Proposal Preparations Instructions* below) in electronic form (pdf) within two hours of the completion of the eSource Event.

2.0 BASIS OF AWARD

CHPRC intends to award one contract as a result of this RFP to the responsible offeror whose offer conforms to the requirements of this solicitation and is determined to be the most advantageous technical and price proposal.

The basis of award is the lowest evaluated price of an Offeror who is determined to be responsible and responsive to the RFP.

2.1 Acceptance or Rejection of Proposals

CHPRC reserves the right to accept or reject any proposal with or without prior discussion with the Offeror. CHPRC may:

- award a contract on the basis of proposals received without discussions with Offerors (therefore, initial proposals should be submitted with the most favorable technical and price terms);
- select one or more Offerors to negotiate with;
- reject any or all proposals received;
- issue a request for new proposals; or
- cancel the RFP without awarding a contract

2.2 Responsiveness Determination.

CHPRC will determine if the offeror is responsive to CHPRC requirements and eligible for award. This evaluation may include, but is not limited to information gathered from other sources, including safety performance, financial stability and past performance for CHPRC or other customers. The determination may be made at any time by CHPRC without additional questions or revision. CHPRC may waive minor informalities and irregularities in offers received.

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

2.3 Proposal Costs

CHPRC is under no obligation to pay proposal preparation costs.

2.4 Award Notification

CHPRC will notify all of the Offerors after CHPRC selects an Offeror for award. There will be no public opening of proposals.

3.0 PROPOSAL PREPARATION INSTRUCTIONS

Organize the proposal as described in the following sections. **Note that electronic submission of the proposal documents is the Buyer's preference.**

Proposal must clearly and convincingly demonstrate that the offeror has a thorough understanding of and will be able to perform the proposed contract successfully. For technical work, describe the proposed technical approach including assumptions and supporting detail. Unsupported, unclear, or inconsistent statements about offeror's proposed performance and compliance with all contract requirements may be determined as non-responsive.

Do not submit generic brochures or other marketing materials which do not specifically relate to the proposal.

3.1 Proposal Content

Offeror's proposal must contain information sufficient to demonstrate an understanding of the requirements and offeror's ability to perform successfully as proposed. Offerors who submit proposals which are unclear or incomplete may be judged non-responsive and dropped from further consideration for this award. Simply repeating the statement of work requirements or merely offering to perform the work may result in a lower evaluation or the offer being judged non-responsive to the requirements and dropped from further consideration

Proposals shall be organized in the manner listed in Sections 3.1.1-3.1.3 below. Each volume of the proposal shall be separate and complete. Omit all cost or pricing details from the technical proposal. Where estimated labor hours will provide clarity, propose them as hours only with no indication of price in the technical proposal.

Part I – Statement of Work, Attachment 3, contains anticipated work assignments and/or chemical/physical hazardous exposures requiring a medical evaluation/exam. Offeror shall provide the name of its medical provider for the required evaluation/exam and submit with its proposal.

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

The following documents make up a complete proposal package:

3.1.1 Volume I – Technical Proposal

Volume I shall consist of the Offeror's discussion that addresses the qualification standards and technical approach to the requirements established in the SOW, the Offeror's capabilities, key personnel resumes, and what the Offeror will do to satisfy the requirements of the solicitation. The Offeror shall provide a Project Schedule that outlines milestones, activities with appropriate logic ties, shows a logical critical path and shows float in compliance with the requirements. The Offeror shall provide an original of this volume via email.

3.1.2 Volume II – Cost/Price and Contractual Proposal

Volume II shall consist of the Offeror's proposed pricing as instructed in the RFP pricing instructions. A price sheet is included in the RFP as Attachment 1; the Offeror must complete the sheet as formatted. All pricing assumptions shall be clearly stated to allow a reviewer to assess the potential cost risks associated with the proposed design. Include a signed Representations and Certifications (SP-16) with the proposal. To obtain the form, click on the link to SP-16 in Section B. The Offeror shall provide an original of this volume via email.

Mobilization & Demobilization Line Items: The Offeror shall provide CHPRC an itemization of costs that comprise the mobilization and demobilization line items in the Offeror's proposal.

Overhead and Operations (O&O) Line Item: The Offeror shall provide CHPRC an itemization of costs that comprise the O&O line item in the Offeror's proposal.

Standby: The Offeror shall provide CHPRC an itemization of costs that comprise the standby line item in the Offeror's proposal.

3.1.3 Volume III – Safety Pre-Qualifications (Required for Contractor and Subcontractors if not previously submitted within the last 9-months)

This criterion refers to the Offeror's safety pre-qualification documentation. Safety prequalification evaluations are conducted by CHPRC to assist in predicting a contractor's likelihood for contract performance in safety and health at a level of excellence embraced by CHPRC. While the process is not strictly a pass/fail approach, it provides a filter for initial determination of "responsible/not responsible" in the bidding process for contracts as specified in the second paragraph below. If all data, based on 3-year averages of the data submitted, is below the targets set by the CHPRC as the upper limits of acceptability, the contractor is considered "responsible." If any of the targets are exceeded, based on 3-year averages of the data submitted, a follow-up review will

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

proceed to determine if the perspective contractor submittal of a “get-well” or “safety improvement plan” that serves as compensatory to missing a predetermined target. This process ensures that worker protection is at the forefront of the decision making criteria and that the contractor is appropriately re-reviewed for consideration. Only those contractors who have successfully completed the prequalification process will be placed or remain on a CHPRC approved contractor list.

CHPRC Project OS&IH performs safety prequalification on all contractors (including lower-tier contractors) whose work scope is identified as Construction, Well Drilling, or Demolition; and as otherwise determined by Procurement Management, BTR, and OS&IH based upon the hazardous nature or complexity of the planned work task.

Documents required to satisfy this Volume III shall include:

- Completed CHPRC Contractor OS&IH Prequalification Form (Attachment 2) for Offeror (and any subcontractors or teaming partners);
- Interstate Experience Modification Rate (EMR) <1 on the provider’s letterhead;
- OSHA Form 300 Logs signed and dated by company representative for the past three (3) years;
- The Table of Contents from the contractor’s safety and health manual;
- Copies of transmittal letters including descriptions of the outcome and number of any citations from each Federal OSHA, Department of Labor and Industries (WA), or other OSHA state-plan inspection;
- The identification and summary of occupationally-related fatalities in the past 5 years that involve personnel or subcontractors; including the cause and corrective actions implemented

3.2 Offeror’s Acceptance

The contract, if any, resulting from this RFP will be substantially the same as the draft contract that is contained in the accompanying file. Unless otherwise noted by the Offeror in its proposal, Offeror’s submission of a proposal signifies the Offeror’s unqualified acceptance of all of the technical requirements and other terms and conditions that are contained and referenced in this RFP and the accompanying draft contract file. Interpretations established by the Offeror to any part of this RFP may be considered an exception, and may render the proposal being considered non-responsive and dropped from evaluation and award considerations.

3.3 Exceptions to Technical Requirements and Other Terms and Conditions

The Offeror shall describe any exceptions to the technical requirements and other terms and conditions of the sample contract on which the Offeror’s proposal is based. Offerors

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

are notified that CHPRC considers the Offeror's compliance with the technical requirements and terms and conditions of the accompanying draft contract to be essential. In case of doubt, Offeror should request clarification from CHPRC. If the Offeror takes any exceptions to the requirements of the RFP, the pricing shall be based on the requirements of the RFP and the exception(s) priced as alternates. If the Offeror's proposal is based only on the proposed exceptions, CHPRC may determine that the proposal is non-responsive.

3.4 Proposal Validity Period

A proposal shall remain firm for 90 days after the proposal due date.

4.0 QUALIFICATION STANDARDS (GO/NO GO)

Information such as experience, proposed work plans, past performance, key personnel, available resources and equipment and any other information available may be used by CHPRC in evaluating the offeror's capabilities, responsibility and responsiveness to the solicitation.

CHPRC has established the following qualification standards that must be fully met in order for an Offeror to be considered for award. It is CHPRC's policy to offer the opportunity to compete for its procurements as is reasonably and economically feasible. However, in view of the distinctive characteristics of CHPRC's programs, those potential Offerors who do not already possess the capability to meet the qualifications standards are encouraged not to incur proposal and other expenses involved in competitive submissions.

A. Standard No. 1

The Offeror shall be signatory to the Hanford Site Stabilization Agreement (HSSA).

Required Submittal – The Offeror shall provide a copy of its Employer Compliance Agreement and Signature Sheet or other similar forms of acceptable documentation that acknowledges the Offeror's acceptance of and agreement to be bound by the HSSA.

B. Standard No. 2

Local Office – the Offeror shall have and maintain an office within the local vicinity of the Hanford site. Local vicinity as defined as Benton, Franklin, Walla Walla and Yakima counties in the State of Washington. It is expected that the Offeror will have a private office location suitable for on-going business meetings. It is not acceptable for the office to be located in a home residence.

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

Required Submittal – The Offeror shall provide a detailed description of their local office capabilities including available resources both in labor and equipment and the office's location relative to Hanford. Business concerns that are not operating in the local vicinity but plan to respond to this solicitation must provide sufficient details with their proposals demonstrating that they will be fully operational on or before the start date for the resultant contract

C. Standard No. 3

Past Performance/Experience – Offeror's shall provide evidence of past performance on waste remediation work for projects similar in size and complexity to Hanford Site prime contractors or other government facilities, such as Department of Defense, Department of Energy, Armed Forces, or commercial nuclear sites.

Required Submittal – Offeror shall furnish at least three (3) references for previous or current projects that are similar in scope to this solicitation, which reflect evidence of the Offeror's and/or their subcontractor/teaming partner's capabilities and experience in performing work of a similar nature and complexity. References should be chosen for the relevance to this proposal. Recent projects are considered more relevant than older projects. Include familiarity and experience with performing Hanford Projects.

a. Work history is to be presented in the following format:

- Client Name and Address
- Client Technical Point of Contact, phone number and e-mail address
- Contract Number
- Brief description of Work Scope
- Contract Type
- Period of Performance

4.1 Cost/Price Criterion

CHPRC will analyze the Offeror's pricing and rank the price among the prices of other Offerors. Offeror shall complete the pricing sheet(s) attached to Section B of this RFP as Attachment 1.

Submit the following information:

Complete the pricing sheet attached to Section B of this RFP as formatted and in their entirety. The SOW includes both Base Work and Option Work. Offerors are to provide their price for all work identified in the SOW as formatted in the spreadsheet. The contractor is to total all work for the purposes of the eSource Event and this total shall include the Base Work, Option Work and standby line items.

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

CHPRC has included estimated Option Work in the SOW and is requiring Offeror to provide fixed unit rates based on these estimated quantities. The Option Work amounts along with the other items on the pricing spreadsheet will be totaled for the purposes of determining the overall evaluated pricing of this RFP.

CHPRC has included estimated standby time for the Base work and Option Work in the pricing sheet and is requiring Offeror to provide hourly rates based upon these estimated hours. These amounts coupled with the items on the pricing spreadsheet will be totaled for the purposes of determining the overall pricing on this RFP. The resultant contract will include the hourly rate for standby time but will not include standby hours. Any payment for standby time will be incorporated into the contract through formal modification utilizing the contract standby hourly rate.

NOTE: This pricing schedule and associated formulas/calculations are provided for your convenience. Please ensure that calculations are correct prior to submitting your proposal.

Payment terms are Net 30. Prompt payment discounts will be considered should they be included in the proposal.

5.0 PROPOSAL SUBMITTAL DIRECTIONS

5.1 Notification of Intent to Propose

CHPRC requests that a prospective Offeror notify CHPRC in writing by 3:00 p.m. on November 13, 2017, indicating that the Offeror intends to submit a proposal in response to this RFP. The Offeror may transmit the notification to the Contract Specialist via e-mail or fax.

5.2 Deadline

Proposals are due no later than two (2) hours from the close of the eSource event on **December 12, 2017**. CHPRC reserves the right to reject any proposal received after the deadline.

5.3 Submittal Address

Identify the email containing the proposal as "Proposal in Response to RFP 306281". The preferred method of proposal delivery is via email. Proposals submitted by any other method may be deemed non-responsive.

The Contract Specialist's telephone number is 509-376-5877, the fax number is 509-373-9107, and the e-mail address is [Dawn C Moreland@rl.gov](mailto:Dawn_C_Moreland@rl.gov). The Offeror may contact the Contract Specialist to verify that the Contract Specialist received the proposal.

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

5.4 Withdrawal

Proposals may be withdrawn by written notice received by the Contract Specialist at any time prior to award.

5.5 Questions and Comments Regarding the RFP

The Offeror shall submit any comments or questions regarding the RFP to the Contract Specialist in writing no later than COB on November 30, 2017. The Offeror may transmit questions and comments via e-mail. CHPRC will answer all questions in writing and provide a copy of all questions and answers to all Offerors. If the RFP requires an amendment to resolve issues regarding the RFP, CHPRC will issue an amendment to those Offerors who have not declined to participate in time for them to consider the amendment(s) before finalizing and submitting their proposals.

5.6 RFP Amendments

If this RFP is amended, unless otherwise stated, all terms and conditions that are not modified will remain unchanged. The Offeror shall acknowledge receipt of all amendments by stating in the proposal that the Offeror has received the amendment(s) and has considered it/them in formulating the proposal.

6.0 NOTICES TO OFFERORS

6.1 Anticipated Award Date

The anticipated award date for this RFP is January 4, 2018.

6.2 Precedence of Requirements

In the event of a conflict among the provisions, the RFP instructions, the RFP correspondence, other documents and the resulting contract, the terms of the contract shall govern.

6.3 North American Industry Classification System (NAICS) Code and Size Standard

CHPRC has determined that North American Industry Classification System (NAICS) Code **562910, Remediation Services under the exception for Environmental remediation Services**, applies to this acquisition. Therefore, the size standard for determining whether an Offeror is a small business in regard to this acquisition is **750 employees**.

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

6.4 Identification of Proprietary Data

If the Offeror submits any data as part of their Proposal, which is considered by the Offeror to be “proprietary data”, the document transmitting the data or which contains the data, shall be boldly marked indicating that the data included are considered to be proprietary. To the extent that the restrictive marking prevents CHPRC from distributing the documents for evaluation or use, the marking may render the proposal non-responsive.

6.5 Certified Cost or Pricing Data

The Offeror is not required to provide certified cost or pricing data. However, CHPRC may require the Offeror to provide certified and/or non-certified cost or pricing data prior to award if CHPRC cannot determine that the acquisition is exempt from the requirements of PL 87-653 (10 USC Sec. 2306a).

6.6 Financial Capability Determination Information

CHPRC reserves the right, prior to award, to require the Offeror to submit information that CHPRC will use to make a determination whether the Offeror has the financial capability to successfully perform the contemplated contract in accordance with the contract terms. Such information may include, but not be limited to: annual reports; lines of credit with financial institutions and suppliers; SEC Form 10K, and any other information that may be required by CHPRC.

6.7 Subcontracting

Contractor may **not** subcontract any significant portion of this contract without first obtaining concurrence of CHPRC to the proposed subcontract scope and subcontractor(s).

Contractor is responsible to incorporate and flow down all appropriate provisions and requirements of this contract to all lower-tier contractors and subcontractors.

Contractor shall furnish CHPRC a list of all proposed lower-tier subcontractors who will be performing work on the Hanford site and those proposed subcontractors who will be performing a significant portion of the off-site work. The list must be furnished prior to award and updated with changes during contract performance. Use the Subcontracting form and instructions located on this web page:

<http://chprc.hanford.gov/page.cfm/SubmittalsFormsDocs>

CHPRC reserves the right to:

- reject any proposed subcontract or subcontractor as incomplete or unsuitable

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

- require submittal of the proposed subcontract before contract award or prior to performance of any work on site
- require the replacement, at contractor's expense, of any subcontractor who fails to adhere to all of the applicable provisions and requirements of this contract

6.8 Small Business Set Aside

Proposals for this acquisition are solicited from Small Business Concerns, including; Small Disadvantaged, Small Women-Owned, Service Disabled Veteran and HUBZone small businesses. Any resulting Contract shall be awarded to a Small Businesses. Proposals received from concerns that are not Small Businesses or Small Businesses that intend to subcontract a significant portion of the work to other than a Small Business shall not be considered for award.

Small Women-Owned and Service Disabled-Veteran Owned Business may self-certify their business size

The following Small Business Concerns must be certified by the Small Business Administration (SBA):

Small Disadvantaged Business Qualifications: A small business must be at least 51% owned and controlled by a socially and economically disadvantaged individual or individuals. African Americans, Hispanic Americans, Asian Pacific Americans, Subcontinent Asian Americans, and Native Americans are presumed to qualify. Other individuals can qualify if they show by a "preponderance of the evidence" that they are disadvantaged. All individuals must have a net worth of less than \$750,000, excluding the equity of the business and primary residence. Successful applicants must also meet applicable size standards for small businesses in their industry.

HUBZone Small Business Qualifications: A firm can be found to be a qualified HUBZone concern, if:

It is small,

It is located in a "historically underutilized business zone" (HUBZone)

It is owned and controlled by one or more U.S. Citizens, and

At least 35% of its employees reside in a HUBZone.

6.9 Buy American Act

In accordance with the Buy American Act (BAA, FAR part 25) domestic end products as defined in the BAA shall be afforded an evaluation preference in this action. Products of foreign origin may not be supplied unless evaluated and agreed to by CHPRC prior to contract award. Contractor certifies that all other products, supplied on this contract are

CH2M HILL Plateau Remediation Company

REQUEST FOR PROPOSAL NO: 306281

TITLE: 100K Waste Sites Remediation & Backfill

Domestic products as defined in the BAA.

https://www.acquisition.gov/sites/default/files/current/far/html/Subpart%2025_1.html

SECTION B – RFP ATTACHMENTS

1.0 ATTACHMENT 1 – PRICE SHEET

2.0 ATTACHMENT 2 – CHPRC Contractor OS&IH Prequalification Form

3.0 Attachment 3 – Statement of Work

4.0 Attachment 4 - Special Provisions - Representations and Certifications

A fully completed and signed Representations and Certifications (SP-16) form must accompany the proposal. Section 21 NAICS code must match the NAICS code specified in this solicitation and the offeror's registered small business size standard.

(SP-16 PRC revision 005 dated July 18, 2013)

<http://chprc.hanford.gov/page.cfm/ContractProvisions>

SECTION C – DRAFT CONTRACT

See the attached RFP 306281 – Section C - Draft Contract titled 100K Waste Sites Remediation & Backfill for this solicitation.
