11.0 INSPECTIONS .....4

    11.1 Inspection .....4

    11.2 Contractor.....4

12.0 NONEXCLUSIVITY.....4

**PREAMBLE**

- A. These Special Provisions are requirements of any contract in which this Special Provision document is incorporated. These Special Provisions are applicable in their entirety unless specifically deleted or amended in the Contract and are in addition to the General Provisions and other Special Provisions that apply to this Contract. In the event of a conflict between these Special Provisions and the General Provisions, these Special Provisions shall take precedence.
- B. Without in any way limiting the Federal Acquisition Regulation (FAR) and Department of Energy Acquisition Regulation (DEAR) clauses which may be applicable to this action by law or regulation, the FAR, DEAR and other regulation references herein are specifically incorporated into this contract. Applicability instructions and comments are provided for convenience only. Contractor is responsible for reviewing the full text of each clause and requesting clarification if the intent or applicability to this specific contract is not clear.
- C. In the referenced clauses, the obligations of CHPRC to the Government as provided in said clauses shall be deemed to be the obligations of the Contractor to CHPRC unless otherwise noted below:
- D. Whenever necessary to make the context of the FAR/DEAR clauses applicable to this contract, the term "disputes" shall mean "claims" and the terms "Government," "Contracting Officer," and equivalent phrases shall mean CHPRC except the terms "Government," and "Contracting Officer" do not change:
  - 1. in the phrases referencing "Government Property" and "Government-Owned Equipment,"
  - 2. in the clauses referring to "intellectual property rights", "Stop Work", "nuclear hazards indemnity"
  - 3. when a right, act, authorization, or obligation can be granted or performed only by the Government or the Prime Contract Contracting Officer or duly authorized representative,
  - 4. when access to proprietary financial information or other proprietary data is required for purposes other than CHPRC’s obligation to evaluate Cost/Price data submitted by Contractor in conjunction with any provision of this contract,
  - 5. when title to property is to be transferred directly to the Government

- E. If there is a conflict between the referenced clauses and the terms and conditions found elsewhere in this Contract, the below FAR/DEAR and Regulatory references shall take precedence.
- F. Contractor shall flowdown to its subcontracts at all tiers the applicable portions of these provisions and referenced FAR/DEAR clauses. Referenced Clauses are available at:  
[http://management.energy.gov/policy\\_guidance/procurement\\_acquisition.htm](http://management.energy.gov/policy_guidance/procurement_acquisition.htm)

### **1.0 REJECTION OF WASTE PRODUCTS**

Prior to acceptance, Contractor may reject waste products which it has determined by visual inspection or testing to be nonconforming. Contractor shall give CHPRC notice of the waste products rejected and the reasons for such rejection.

### **2.0 ACCEPTANCE AND TITLE**

- A. Acceptance of the waste products shall occur at the time Contractor takes possession of or accepts delivery of the waste products at the place of tender and, at that time, title, risk of loss and all other incidents of ownership to the waste products shall be transferred from the Government and vested in the Contractor.
- B. When Contractor provides loading, the Contractor shall be deemed to have taken possession of the waste products upon commencement of such loading service. When the Contractor provides transportation only, the Contractor shall be deemed to have taken possession upon completion of such loading services.

### **3.0 REVOCATION OF ACCEPTANCE**

Within 72 hours after acceptance, Contractor may revoke its acceptance of nonconforming waste products, provided that the waste products have not been materially changed or disposed. However, revocation of acceptance of waste products which have been transferred from CHPRC's container(s) to a bulk container, such as a tank truck or storage tank, must be based upon an analysis of a representative sample of such waste products taken prior to transfer from CHPRC's container to the bulk container. Such sample must be split with CHPRC at the time it is taken. A justified revocation of acceptance shall operate to revert title; risk of loss and all other incidents of ownership in the Government at the time notice of revocation is given to CHPRC.

### **4.0 CHPRC'S OPTIONS IN EVENT OF REJECTION OR REVOCATION OF ACCEPTANCE**

- A. In the event Contractor rejects the waste products or revokes its acceptance of waste products, CHPRC may, within (5) business days after receipt of notice of rejection or revocation, notify Contractor of CHPRC's intent to test the waste product, to verify the alleged nonconformity. CHPRC may, if lawfully permitted, direct Contractor to arrange for such testing or corrections, pursuant to CHPRC's instructions and at CHPRC's cost. All testing or corrections shall be completed within twenty-one (21) business days of CHPRC's receipt of the rejection or revocation notice.
- B. Upon mutual agreement of the parties that the waste products are not nonconforming for the reasons specified in Contractor's notice, the notice of rejection or revocation as to such waste products shall be deemed null and void as of the time of its original issuance.

### **5.0 CONTRACTOR'S OPTIONS AS TO RIGHTFULLY REJECTED OR REVOKED WASTE PRODUCTS**

- A. If Contractor rejects the waste products or revokes its acceptance of the waste products, Contractor and CHPRC shall, in good faith, attempt to amend the Contract to provide for disposal of the nonconforming materials. If the parties cannot, within a reasonable time after rejection or revocation (including any time provided for correction or testing in paragraph 5.0), agree on necessary amendments, CHPRC shall make prompt arrangements for the removal of the nonconforming materials from the disposal facility to another lawful place of storage or disposition.
- B. CHPRC agrees to pay Contractor, upon receipt of substantiation thereof, its reasonable expenses and costs incurred, subsequent to rejection or revocation, for handling, loading, stowing, preparing for transport, transporting, storing and caring for any waste products returned to CHPRC pursuant to this paragraph. If CHPRC has paid for any services, which will not be performed because of rejection or revocation of the waste products, Contractor shall refund such payment to CHPRC.

- C. If CHPRC has not paid for any services performed prior to rejection or revocation, CHPRC shall upon receipt of invoice, pay the amount specified for such service in the Contract.

## **6.0 CONTRACTOR WARRANTIES**

Contractor warrants and represents to CHPRC that:

- A. Contractor understands the currently known hazards and risks which are presented to human beings, property and the environment in the handling, transportation, storage, treatment, processing and disposal of the waste products as they have been described by CHPRC in the Waste Profile Sheet; and,
- B. Contractor is engaged in the business of transportation, storage and disposal of industrial and other wastes, and has developed the requisite expertise for the handling, transportation, storage, treatment, processing, and disposal of such; and,
- C. Contractor will handle, transport, store, treat, process, and dispose of the waste products in a safe and workmanlike manner and in full compliance with all valid and applicable statutes, ordinances, contracts, rules and regulations of the Federal, state and local governments in whose jurisdictions such activities are performed under this Contract; and,
- D. Any and all vehicles or vessels, Waste Products containers and personnel to be provided by Contractor in the performance of this Contract have obtained or will obtain all permits, licenses, certificates or approvals required to comply with valid and applicable statutes, ordinances, contracts, rules and regulations of the Federal, state and local governments; and,
- E. The disposal facility (or facilities) has been issued, as of the date of execution of the Contract, all permits, licenses, certificates or approvals, required by valid and applicable statutes, ordinances, contracts, rules and regulations of the Federal, state and local governments in which such facility is located, necessary to allow such facility to accept and store, treat, process and dispose of the waste products. In addition, if required by Federal, state or local law, regulations or ordinance, Contractor has filed with the appropriate governmental agency a notification of hazardous waste activity and/or an application to operate a hazardous waste storage, treatment or disposal facility and the storage, treatment or disposal facility has achieved "interim status" as defined by Federal and applicable state law and regulations. Contractor shall provide CHPRC with reasonable advance notice if any such permit, license, certificate or approval is to expire and not to be renewed during the term of the Contract, or become the subject of judicial or administrative action seeking revocation or suspension. Such notice shall also be provided if Contractor determines not to seek any necessary permit, license, certificate or approval, which becomes required after execution of the Contract.

If, during the term of this Contract, Contractor determines not to renew any existing permit, license, certificate or approval or not to seek any necessary permit, license, certificate or approval which becomes required after execution of the Contract, CHPRC shall retain all the rights and remedies it may have at law or equity.

## **7.0 CHPRC WARRANTIES**

CHPRC warrants and represents to Contractor that:

- A. Waste products tendered to Contractor will conform to the descriptions and specifications contained in the Waste Profile Sheet; and,
- B. CHPRC will prepare the waste products for transportation and tender to Contractor in accordance with all valid and applicable statutes, ordinances, contracts, rules and regulations of the Federal, state and local governments in whose jurisdiction such waste products are to be tendered to Contractor, pertaining to: (1) container specifications for any container not supplied by Contractor; and, (2) marking and labeling of all containers; and,
- C. CHPRC has sole title, or the full right to transfer title, to waste products which will be tendered to Contractor.

## **8.0 TENDER OF DELIVERY**

CHPRC shall tender delivery of the waste products to Contractor at times and places specified by CHPRC. CHPRC shall, at the same time and place, tender to Contractor those completed documents, shipping papers or manifests as are required, for lawful transfer of the waste products to Contractor, by valid and applicable statutes, ordinances, contracts, rules or regulations of the Federal, state, or local governments.

## **9.0 LOADING AND TRANSPORTATION OF WASTE PRODUCTS**

- A. The Contractor is to provide transportation, and/or loading, including but not limited to pumping. Contractor shall transport waste products to the disposal facility specified in the Contract. Contractor shall be responsible for clean up and disposal of any waste product spill during such loading or transportation and shall fully indemnify and hold CHPRC harmless therefore.
- B. The Contractor is to provide transportation services. Selection of transportation vehicles or vessels, times of travel and routes shall be solely determined by Contractor. However, CHPRC shall have the right to refuse to load or permit the loading of its waste products if it reasonably finds that the transportation vehicle is unfit or unsafe for transportation of the waste products.

## **10.0 DISPOSAL**

- A. Contractor shall dispose of the waste products at the particular facility or facilities, referred to in the Contract as "the disposal facility." Contractor shall be solely responsible for determining the specific times and techniques for storage, processing, treatment and disposal of the waste products. However, such processing, treatment and disposal shall occur within a reasonable time. Contractor shall submit to CHPRC a Certificate of Treatment/Destruction for the waste products upon completion of disposal.
- B. If the Contractor uses, distributes, or sells any of the waste products or components or residue thereof, Contractor agrees to indemnify and save harmless CHPRC, its affiliates, its present and future officers or directors (or officials), employees and agents, from and against any and all liabilities, penalties, fines, forfeitures, demands, claims, causes or action, suites and costs and expenses incidental thereto (including, cost of defense, settlement and reasonable attorneys fees), which any or all of them may hereafter suffer, incur, be responsible for or pay out as a result of bodily injuries (including death) to any person, damage (including loss of use) to any property (public or private), contamination of or adverse effects on the environment, or any violation or alleged violation of statues, ordinances, contracts, rules or regulations of any governmental entity or agency caused by or arising out of the use, distribution or sale of the waste products.

## **11.0 INSPECTIONS**

### **11.1 INSPECTION**

CHPRC shall have the right, but not the obligation, to inspect and obtain copies of all written licenses, permits or approvals, issued by any governmental entity or agency to Contractor or its subcontractors which are applicable to the performance of this Contract; to inspect transportation vehicles or vessels, containers or disposal facilities provided by Contractor; and to inspect the handling, loading, transportation, storage or disposal operations conducted by Contractor in the performance of this Contract. Such inspections or lack of inspections shall not operate to relieve Contractor of its responsibility or liability under this Contract.

### **11.2 CONTRACTOR**

Contractor shall have the right, but not the obligation, to inspect, sample, analyze or test any tendered waste products before accepting such products.

## **12.0 NONEXCLUSIVITY**

This Contract is not to be construed as granting Contractor the exclusive right to transport, hold, treat and/or dispose of CHPRC's waste, and CHPRC reserves the right to contract with other parties for such services as it deems necessary.
