

CH2M HILL Plateau Remediation Company

REQUEST FOR PROPOSAL NO: 51838

September 5, 2019

Dear Prospective Offeror:

Request for Proposal No: 51838

CH2M HILL Plateau Remediation Company (the Buyer) is interested in receiving proposals for various cases of Protech Coveralls manufactured by Unitech in support of the 324 Building within the River Risk Management Project located in Richland, Washington, under Prime Contract DE-AC06-08RL14788 with the U.S. Department of Energy.

This Solicitation requires all Contractors submitting proposals to access the Supply Chain Management Center (SCMC) eSourcing Tool. The SCMC eSourcing Tool is designed to efficiently collect pricing information in a central location. It also provides the Contractor a short timeframe to revise pricing information prior to final acceptance by CHPRC. Pricing cannot be increased. Upon receipt of Contractor's notification of intent to propose CHPRC will provide the Contractor an email notification with a link to the SCMC eSourcing event including access instructions.

The tool will not disclose the Contractor's proposed price to other Contractors nor will it disclose the lowest proposed price. A ranking is all that is provided. See additional information for eSourcing Event located in section 1.0 Introduction on the Continuation Pages.

The eSourcing Event will begin at 11:00 a.m. PST Tuesday September 17th and end at 11:20 a.m. PST.

The anticipated schedule for this solicitation activity is as follows:

Notification to Buyer of Intent to Propose	Monday September 16 @ 2 pm
eSourcing Event	Tuesday September 17 @ 11 pm
Proposal Due to CHPRC	Tuesday September 17 @ 3pm
Anticipated Contract Award:	Wednesday September 18 th

Sincerely,

Kelly Miller, Contract Specialist
Material Services
